THE GOOBZ (AKA The Gooby Band) are a three-person all-original mobile aural variety ensemble unit. One of their many singular purposes is to create atmospheres and other habitats favorable to the consumption of whatever kind of beverages are legally drinkable while providing more or less finely tuned cutting edge musical instigation designed to attract or piss off your neighbors—whichever effect is most desirable to YOU.

For nearly 10 years THE GOOBZ have amused, confused, and abused audiences of local venues throughout the Twin Cities and beyond. The most recent musical excursions have occurred at respectable watering holes such as The Cabooze, 7th Street Entry, Christiansen's Big V Bar, St. Croix Live, Terminal Bar, The Lab, and Mario's. THE GOOBZ have made special musical appearances at the Twin Cities Marathon (2002), Stillwater High School Senior Party (2002), and the infamous Johnnypalooza (2000, 2001).

THE GOOBZ completed their first road tour in August 2002 and look forward to smacking interstate pavement in Summer 2003. They're now working slavishly on their fourth album that will be released sometime May 2003.
